Since its creation in 1966, SDMO® Industries has chosen to specialize exclusively in generating sets, so as to concentrate on the competitiveness and quality of its services. From this specialization, SDMO® has acquired skills recognized by all of its customers. SDMO® is now one of the world's leading companies in the generating set market and is committed to supplying you with impeccable products.

Specializing in the manufacture of generating sets, SDMO® offers you a wide range of standard sets, from 1 to 3000 kVA. Its teams, spread over 3 production sites, have skills at the leading edge of the new technologies and of manufacturing processes. Each team works on a common data base, and specializes in a range of standard products, thus increasing its efficiency. SDMO® undertakes to supply you with a reliable, innovative and quality electrical energy source, to accompany you in each of your projects.

# the generating set specialist

In order to provide you with proof of reliability, SDMO® has introduced a quality procedure. Its careful compliance with this commitment has made it possible to obtain ISO 9001 certification. For you this is the guarantee that delivery will take place on time, with the best possible monitoring of your order. The reputation for service quality acquired by SDMO all over the world is the result of this continuous search for improvement.

From its strong base in France, SDMO has developed its export business. Now present in over 150 countries through a network of agents, distributors, 7 subsidiaries and a liaison office all established in England, Spain, Belgium, Singapore, Brazil, Argentina, the United States and in North Africa. SDMO® devotes its energy to accompanying you in the successful completion of each of your projects, all over the world.

SDMO® is committed to supplying you with the energy source which suits you, where you need it
